

OUR STAFF:

BSOTR is comprised of highly skilled, caring individuals throughout the Rocky mountains We are committed to maintaining a team of proficient and effective individuals who share our vision for providing services to children and adults in need. Every team is directed and supervised by a Board Certified Behavior Analyst (BCBA). Please visit our website for more detailed information about our staff.

OUR SERVICES:

Our services are available to individuals of any age. Contact us so that we may help identify funding for services.

Support for ABA:

Many independent institutions endorse ABA for treatment of Autism Spectrum Disorders:

- US Surgeon General
- New York State Department of Health
- National Academy of Sciences
- American Academy of Pediatrics
- Association for Science in Autism Treatment

What does *evidence based* mean?

It means we emphasize and utilize strategies that have been proven to be effective, and that we treat each person as an individual and evaluate the evidence regarding what is effective and necessary for each individual we serve.

OUR MISSION:

We strive to deliver the best quality behavior supports to improve the independence, inclusion, and overall quality of life of our clients by providing evidence-based, pragmatic treatment, consultation and teaching based on the principles of Applied Behavior Analysis (ABA). Our goal is to transfer and teach skills to clients and caregivers, and to develop top-quality practitioners to expand the availability of high quality services throughout the region.

WE PROVIDE SERVICES ACROSS THE ENTIRE STATE OF COLORADO, NORTHWEST NEW MEXICO AND SOUTH CENTRAL WYOMING!

PLEASE CONTACT US TO GET CONNECTED WITH A BCBA, AND A LOCAL TEAM IN YOUR REGION.

WHAT WE DO:

ASSESSMENT:

We offer individualized functional behavior assessments (FBAs), and detailed assessments of skills and preferences.

TREATMENT:

We develop individualized, evidence-based treatment approaches for each person, with consideration of personal strengths and goals. Challenging Behavior: We can help decrease behaviors that may be unsafe or interfere with learning or socialization.

Language: We can help individuals improve their communication and language.

Academic: We take into account individual learning styles, preferences, and skill levels.

Vocational: We can help individuals prepare for the workplace.

Self Care: We can help individuals become more independent with activities of daily living.

Social: We can help individuals improve relationships by building social skills.

We develop and implement treatment plans to decrease challenging behaviors and increase appropriate alternatives. Our employees are well trained in Applied Behavior Analysis methods. Services are provided directly by, or supervised by a Board Certified Behavior Analyst (BCBA).

HOW DO I GET SERVICES?

WHERE TO START:

Complete the intake assessment on the website (www.bsotr.com) and call us for a free brief consultation (720) 837-BEHV.

For those with private insurance: Our staff are qualified as ABA therapists under the Health Insurance Mandated Autism Treatment, Tricare, and many other insurance companies. Please check our website for the most up to date information. And request a free funding confirmation screening.

For Private insurance: create a photocopy of your insurance card (front and back) and either fax or email it to us and we can assist in determining eligibility and authorization information.

For those with public insurance: We provide services under the following medicaid programs: HCBS-CES, HCBS-DD, HCBS-EBD, HCBS-CHRP, HCBS-BI, and HCBS-SLS, MAD-Autism Services, EPSDT .

We are also a Program Approved Service Agency (PASA) for every county in Colorado, and work with insurance companies in New Mexico and Wyoming (private and public). We also have contracts to provide services in these areas, please contact us to see if you are eligible!

We have recently become straight medicaid providers for children in Colorado, Wyoming, and New Mexico. We are constantly adding to our funding streams to ensure we are able to serve all populations in need.
