

OUR STAFF:

BSOTR is comprised of highly skilled, caring individuals throughout the state of Colorado. We are committed to maintaining a team of proficient and effective individuals who share our vision for providing services to children and adults in need. Every team is directed and supervised by a Board Certified Behavior Analyst (BCBA). Please visit our website for more detailed information about our staff.

OUR SERVICES:

Our services are available to individuals of any age. Contact us so that we may help identify funding for services.

Support for ABA:

Many independent institutions endorse ABA for treatment of Autism Spectrum Disorders:

- US Surgeon General
- New York State Department of Health
- National Academy of Sciences
- American Academy of Pediatrics
- Association for Science in Autism Treatment

What does

evidence based mean?

It means we emphasize and utilize strategies that have been proven to be effective, and that we treat each person as an individual and evaluate the evidence regarding what is effective and necessary for each individual we serve.

OUR MISSION:

We strive to deliver the best quality behavior supports to improve the independence, inclusion, and overall quality of life of our clients by providing evidence-based, pragmatic treatment, consultation and teaching based on the principles of Applied Behavior Analysis (ABA). Our goal is to transfer and teach skills to clients and caregivers, and to develop top-quality practitioners to expand the availability of high quality services throughout the Mountain West.

WE PROVIDE SERVICES ACROSS THE ENTIRE STATE OF COLORADO, NW NEW MEXICO, and S CENTRAL WYOMING!

WHAT WE DO:

ASSESSMENT:

We offer individualized functional behavior assessments (FBAs), and detailed assessments of skills and preferences.

TREATMENT:

We develop individualized, evidence-based treatment approaches for each person, with consideration of personal strengths and goals. Challenging Behavior: We can help decrease behaviors that may be unsafe or interfere with learning or socialization.

Language: We can help individuals improve their communication and language.

Academic: We take into account individual learning styles, preferences, and current skill levels.

Vocational: We can help individuals prepare for the workplace.

Self Care: We can help individuals become more independent with activities of daily living.

Social: We can help individuals improve relationships by building social skills.

We develop and implement treatment plans to decrease challenging behaviors and increase appropriate alternatives. Our employees are well trained in Applied Behavior Analysis (ABA) methods. Services are provided directly by, or supervised by a Board Certified Behavior Analyst (BCBA).

HOW DO I GET SERVICES?

WHERE TO START:

Complete the intake assessment on the website (www.bsotr.com) and call us for a free brief consultation (720) 837-BEHV.

For those with private insurance: Our staff are qualified as ABA therapists under the Health Insurance Mandated Autism Treatment (HIMAT) legislation. We are credentialed with almost all Colorado insurance companies. Please check our website for the most up to date information.

Under HIMAT: create a photocopy of your insurance card (front and back) and either fax or email it to us and we can assist in determining eligibility and authorization information.

For those with public insurance: We provide services under the following Medicaid waivers: HCBS-DD, HCBS-EBD, HCBS-CHRP, HCBS-BI, and HCBS-SLS . We accept EPSDT Medicaid

We are also a Program Approved Service Agency (PASA) for the following Community Centered Boards: Imagine!, Rocky Mountain Human Services, Developmental Pathways, The Resource Exchange, Envision, North Metro, DDRC, Horizons, Eastern Colorado Services, and Mountain Valley Developmental Center, Foothills Gateway, Strive, the Resource Exchange, Blue Sky, Blue Peaks Developmental Services, Inspiration Field, Community Connections, Community Options and Southeastern Development Centers, we serve every county in Colorado!
